

FORGOTTEN SCHOTTISH

Transcribed by Jensen & Bugge

Traditional from the playing of Dwight Lamb

Her har vi heldigvis genfundet denne melodi, som det var lykkedes os at glemme i en årrække. Den er ikke med på nogen af de to plader "Dwight Lamb, Jensen & Bugge Live in Denmark". I takterne 10 og 14 vælges høj eller lav oktav alt efter instrument, på violin kan man måske med fordel prøve alternative tonearter.

Here we have fortunately re-found this tune which we somehow managed to forget for a number of years. So it is not included on either of the two CDs "Dwight Lamb, Jensen & Bugge Live in Denmark." In the bars 10 and 14, choose high or low octave according to your instrument, on violin one may perhaps test out alternative keys.
